

Central Florida Parent Center

Central Florida Parent Center's **AWARE PROJECT**

The Parent Training and Information Center
For Central & Northeast Florida

We are very excited to announce that we have a new online message board and chat room on our website!

Parents! Meet & talk with other parents of children with disabilities! On our message board, join in (anytime, day or night) on conversations with other parents about topics such as "IEP Experiences," "Tell Us About Your Children," and many more.

In our new chat room, come join us every 2nd and 4th Thursday of the month for informal online chats about various subjects related to the IEP process. Also, join us on the 3rd Wednesday of each month as we host guest speakers who will answer questions on various topics.

Chat Schedule
