

## SPECIAL ANNOUNCEMENT

# Annual Parent Survey Coming Soon

Conducted by the Florida Department of Education • Bureau of Exceptional Education & Student Services

### *Why?*

More than 30 years of research supports family involvement as a critical component for students' success in school and in life. We want to know what parents think about how schools are helping them be involved with their students' education.

### *When?*

May 1 through May 31, 2007

### *Who?*

- All parents of preschool children with disabilities
- All parents of K-12 students with disabilities in small districts
- A sample of parents of K-12 students with disabilities in large districts

### *Results*

The results will be made available to the public and sent to the federal Office of Special Education Programs as part of the Florida Annual Performance Report. No confidential information will be released.

### *Questions*

If you would like to learn more about the survey, contact your local Florida Diagnostic and Learning Resources System (FDLRS). More information about FDLRS can be found at [www.fdlrs.com](http://www.fdlrs.com).

### *What You Can Do*

Please share the word about this survey with families of students with disabilities in your school district. Please complete the survey by May 31, 2007. By doing so, you will be a part of improving educational services for children in our state. Thank you for your support.
